Subject: RE: NEXT Renewable Fuels modification fee

Hey Brian,

Yes there would be a 2% technology fee on top of the 80% original fee. Looks like it would come out to a grand total of \$2,562.24 for processing.

Hi Hayden,
I found the receipt (attached) from the prior submittal and it shows the Site Design Review fee was \$3,140.00 so with the modification fee being 80% that works out to \$2,512.00. Do we need to add 2% on top of that for the technology fee shown on the fee schedule?

Thank you,
Brian
