The Lake House is a wonderful place for events. We need a special venue for important events other than a church hall. Not that the halls aren't nice but the Lake House is so beautiful and perfect for gatherings!

To Whom It May Concern,

I am writing to express my support for Bart Hafeman's request to utilize his property as a venue for small events. Granting this approval would significantly benefit our community by providing a beautiful setting for gatherings and attracting positive attention to our town. Additionally, these events have the potential to generate much-needed revenue for local businesses as he hires multiple local vendors for different needs.

Respectfully,

Alluring look laser team

Hi,

My name is Patrick Procaccini and I just wanted to express my support for the approval of Bart and Betina Hafeman's Conditional Use Permit for the Lake House.

Scappoose is a fairly small town, and I believe the Lake House can bring a positive vibrance to the community by providing a quaint, and yet lively environment for small events. It will attract business to local food trucks, bakeries, florists, and other vendors creating a better economic flow in the area. It will also help small businesses get their business off the ground.

I happen to know Bart and Betina personally, and from my experience with them, they are never intending to bring a negative environment into the neighborhood. They respect their oppositions concerns, but believe the benefits of the Lake House as a legitimate venue far outweigh the negatives. I believe they are more than willing to work with their neighbors and the county to address their concerns.

Thank you for considering my opinions, and I am hoping this will work out in favor of the Lake House.

Patrick Procaccini
